### DETAILED ACTION

1. Claims 4 and 6-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 4 it is not clear how "burning" reduces the volume of the foot. Burning is ambiguous as a limitation on the claim. Claim 6 incomplete as are the dependent claims; claim 1 calls for a method of extracting a die button, yet the body of the claim fails to complete such an operation. Each method claim should be complete and perform the desired operation. Further claims 7, 9, and 10, fail to be expressed in active method steps to perform the desired operation. All the method claims should set forth the limitations in active method voice to perform the desired operation.

2. Claims 1-3, 5, and 15-19 are allowed.

3. Claims 4 and 6-14 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
